KILLED HIS WIFE

**Terrible Double Tragedy
Near Manteo, Dare
County, N. C.**

WOMAN'S PARAMOUR SHOT

**Desperate Deed of Outraged Husband
Whose Wife Had Eloped and
Returned to Rob Him of
His Two Children.**

Raleigh, N. C., Aug. 11.—A special from Manteo, N. C., says:

This morning near Manteo Al. Thompson shot and killed his wife and wounded W. H. Seaman, the man with whom she recently eloped. The wife and her paramour had returned and taken two children in Thompson's possession, and to regain possession of the children the shooting occurred.

The report is that Thompson, upon learning that his wife had returned and secured his children, armed himself with a revolver and went and demanded them. Seaman met him in the porch and refused to surrender the children, whereupon Thompson shot him down. In the meantime the woman was seen trying to escape with the smaller one in her arms, and Thompson, with the weapon still smoking, shot her dead. At a late hour Seaman is still living, but the physicians have not been able to extract the bullet, which is lodged in his breast or shoulder.

Thompson hunted the sheriff and surrendered. The woman is respectfully connected in Dare county. It is the most distressing occurrence ever known here, and more pity than censure is felt for Thompson, who declines to make any statement further than that he loves his children and would rather die than be separated from them. Thompson is an expert mechanic and a hard worker.

GREENSBORO MAN ACQUITTED.

Frazier Tried for Murder of Miss Newman—Held on Arson Charge.

(By Wire to the Morning Star.)
Greensboro, N. C., Aug. 11.—After a stubborn fight, James Frazier, charged with the murder of Miss Lydia Newman, an old lady, who was killed at her home in the country near here about two weeks ago, was acquitted of the charge of murder. The hearing was a preliminary one before a justice of the peace. On a second warrant charging arson, Frazier was held without bail for the higher court.

Frazier was a neighbor of Miss Newman, who was an eccentric old woman, living alone, and it was shown that there had been bad feeling between them. One witness swore that he saw Frazier fire the house.

STRIKE CONDITIONS BETTER.

Numbers of Workmen Resumed Their Duties—Riot at Norberg.

(By Cable to the Morning Star.)
Stockholm, Aug. 11.—The belief is gaining ground that the backbone of the general strike has been broken. Workmen of various kinds resumed their duties today in increasing numbers and it is expected that the printers will soon return to work.

Some 15,000 strikers attended a meeting in the woods south of Stockholm this afternoon. There was a strike riot at Norberg today as a result of which 22 persons were arrested.

A PROHIBITION ELECTION.

Will be Held in Alabama During the Next 90 Days.

(By Wire to the Morning Star.)
Montgomery, Ala., Aug. 11.—By a vote of 23 to 10 the Senate tonight passed the Ballard constitutional prohibition bill. The amendment will be submitted to the people at a special election to be held within the next 90 days. Governor Comer will sign the Ballard bill.

OUTLINES.

Near Manteo, Dare county, N. C., yesterday Al. Thompson shot and killed his wife and seriously wounded her paramour, W. H. Seaman, who had eloped with her a few days ago and had returned for Thompson's two children.—The Moors are again attacking the Spanish troops in Morocco, and 40,000 Spaniards will repel the assault.—The Clyde Line steamship Arapahoe has met with an accident off Hatteras and is in danger of drifting on the treacherous shoals.—A terrible drought is predicted in Virginia and corn and other crops are burning up and many streams are dry.—President Taft has appointed 30 census supervisors and will divide the positions with Republicans and Democrats in the South.—Dr. Schaeffer, an expert on gun shot wounds was a witness at the Sutton inquiry yesterday, and stated on the stand that from the evidence of Lieut. Adams as to the position Sutton was in when shot, it was quite impossible for him to have committed suicide.—New York markets: Money on call steady 2 1/4 to 2 1/2 per cent, ruling rate 2 1/2, closing bid 2, offered at 2 1/4; spot cotton quiet 12.60; flour firm, No. 2 red, new 1.10 elevator; corn firm; oats rosin steady.

SOUTHERN TUNNEL BURNING

**Feared That Portion of Residential
Section of Lynchburg, Va., Will
Cave In—Heavy Loss and
Fire is Raging.**

(By Wire to the Morning Star.)

Lynchburg, Va., Aug. 11.—The temporary work in the tunnel on the Southern Railway's new route through Lynchburg is being destroyed by fire, which broke out this morning at 8 o'clock, the fire being more menacing tonight than at any time during the day. All of the crown, in which there is 1,500,000 feet of Southern pine and oak timbers and 50,000 cords of firewood, will burn unless some method can be discovered to stop it. The cord wood above the wooden crown, all of which was designed to be encased in concrete, caught fire by a spark from a steam shovel, the spark going through a crack between the timbers which are 12 inches thick.

Late this afternoon the ground above the tunnel began to cave in and tonight it is feared Rivermont avenue the main thoroughfare to a residential section, seems certain to cave in. The street cars have stopped.

GRAND ENCAMPMENT I. O. O. F.

**W. L. Smith, Wilmington, Elected
Grand Representative.**

Messrs. William L. Smith and J. E. Wood returned to Wilmington on the late train last night from Salisbury, where they had been to attend the annual meeting of the Encampment branch of the Odd Fellows of North Carolina as delegates from Campbell Encampment No. 1, of this city. Mr. Smith presided at the sessions, being Grand Patriarch during the past year.

At the meeting just closed he was elected Grand Representative for two years and will attend the Sovereign Grand Encampment in Seattle, Wash., in September.

Salisbury was selected as the place of next meeting and the second Tuesday in August, 1910, named as the date. Officers for the ensuing year were elected as follows: Grand Patriarch, Gilmore Ward Bryant, Durham; grand high priest, W. C. Allen, Wayneville; grand senior warden, R. P. Cline, Winston-Salem; grand junior warden, W. D. Gaster, Fayetteville; grand scribe, R. H. Ramsey, Charlotte; grand treasurer, Wesley Williams, Elizabeth City; grand marshal, C. F. Lunsford, Raleigh; grand sentinel, K. Kendall, Shelby; grand outside guard, J. L. Speer, Coaling; grand representatives, William L. Smith, Wilmington (2 years), L. W. Jeanmeret, Asheville (one year).

The gathering was attended by between 60 and 64 representatives, who were handsomely entertained by the Salisbury encampment and the people of Rowan's capital.

Harry P. Plunkett, a Franklin county, Va., farmer, committed suicide by hanging from a tree in his orchard Tuesday afternoon. His body was found by a son. He leaves a widow and ten children.

A TRUE BILL FOR MURDER

**Black Mountain Constable Held to Account For Killing at Hotel Friday Morning—The Witnesses
Who Testified.**

(Special Star Telegram.)

Asheville, N. C., Aug. 11.—F. C. Watkins, constable of Black Mountain, was indicted today by the grand jury of Buncombe Superior Court for murder arising out of the shooting by him of John Hill Bunting, of Wilmington, at the Gladstone Hotel in that place early Friday morning when he at the same time shot Paul C. Collins, of Hillsboro, who with Bunting was alleged to be engaged in creating a disturbance in the house.

The bill was found on the evidence of the two colored witnesses, Clem Jones, and Burley Cowan, employees, who went to the grand jury room from the jail in which they were placed Monday night in order to insure their presence here. The grand jury came in a body with the indictment.

The case cannot be called until November 14th, it is said, because the terms of court before that date are for the trial of civil cases only. As two of the witnesses most important to the defense, Mrs. Mary L. Woodruff, and her daughter, live in Springfield, Mass., there has been some speculation by outsiders about the uncertainty of the defense securing their attendance at the trial.

The Greek reply to Turkey's note concerning Crete has been received in Constantinople today and will be discussed by the Cabinet ministers. It is reported that the government is dissatisfied with Greece's answer and will recall her minister from Athens on an indefinite leave of absence. The boycott against Greeks and the Greek goods is extending in the provinces.

Grand Opera Concert.

Fine Grand Opera Concert at Lumina next Sunday night. Among the selections will be "Sextette from Lucia" Regioletto Quartette, "Madame Butterfly," "Tannhauser March," "Bohemian Girl" Selection and others.

BANK FRAUD TRIAL

**Teller Dorsett Tells of Loose
Methods of Asheville
Bank.**

BREESE DENIED ALL RUMORS

**Assured Witness Day Before Failure
That the Institution Was Sound.
Meadows Denied Signing
Notes—The Defense.**

(By Wire to the Morning Star.)

Asheville, N. C., Aug. 11.—The story of the feeble and fruitless flicker of a once strong bank in final agony percolated through a mass of statistical evidence in the Breese-Dickerson bank case today.

With former bank teller, S. T. Dorsett still on the stand, under red-direct examination by District Attorney Holton the interesting fact was brought out that money was freely paid out on checks the day before the bank failed. The defense sought to show that such checks were given to pay debts and that no appreciable amount of cash passed out of the bank in its closing hours.

Out of the fog of figures came W. H. Westall to tell the jury that several days before the bank suspended he heard disquieting rumors in connection therewith, and in stating his fears to President Breese he said the latter assured him that there was no truth in the rumors.

Two notes bearing the signature of U. S. Meadows, filled in for \$900 and \$500 were repudiated by Meadows on the stand who declared that he had never signed any notes. Asked if there were not other "Meadows" witnesses said there were, but the name was spelled differently.

DEATH OF MR. W. F. PARKER.

**Friends at Garland Learned of His
Death With Much Sadness.
(Special Star Correspondence.)**

Garland, N. C., Aug. 10.—It was with sadness that the people of this place learned of the death of Mr. W. F. Parker, of Rocky Mount, which occurred on Sunday, August 8th. The remains were carried to Newport News, Va., for burial.

Mr. Parker was reared in this community and was the son of the late A. B. Parker, of Parkersburg. Early in life he married Mrs. Emma J. Cromartie, of this place. His wife survives him, also two daughters, Misses Ellen and Annie Vic Parker.

For many years the deceased had been in the employ of the railroad and at the time of his death held a position with the Atlantic Coast Line at Rocky Mount. He was for many years a member of the Presbyterian church. Mr. and Mrs. C. P. Parker, of Parkersburg, were with him at the time of his death. Mr. D. L. Cromartie, of Garland, and Mrs. J. G. Hollingsworth, of Fayetteville, left Sunday for Newport News to attend the funeral which took place there on Monday.

FURNITURE MEN ADJOURN.

**Mr. George S. Boylan Elected President—Next Meeting.
(Special Star Telegram.)**

Greensboro, N. C., Aug. 11.—The fifth annual convention of the Retail Furniture Dealers' Association of North Carolina, which has been in session in the reception hall of the Guilford Hotel here since yesterday afternoon, adjourned this afternoon with the election of officers and the selection of High Point as the place of next meeting. George S. Boylan, of Wilmington, was elected president, and vice presidents as follows: W. T. McCoy, Charlotte; Geo. C. Royall, Goldsboro; W. E. Brothers, Fayetteville; G. S. Tucker, Raleigh; R. O. Dietz, Statesville; W. B. Summerson, of Salisbury, was elected secretary and treasurer.

There were between 50 and 75 delegates present and the convention was one of the most enjoyable and profitable ever held.

WINCHESTER CASE AGAIN

**American Salvation Army Workers
Denied Privileges in Raleigh.
(Special Star Telegram.)**

Raleigh, N. C., Aug. 11.—Charging that they go from city to city in this State, representing that they are preparing to open rescue homes in which ever town they happen to be begging funds and that reports from Norfolk, Washington and other places as to their work indicate that they are imposters, Mayor Wynne and a committee of Aldermen today revoked the privilege of Capt. Frank Winchester and wife, of the American Salvation Army, to hold street preaching services and take collections. The Winchester declare their purpose to disprove the charges. Asheville, Greensboro and Charlotte are among the towns in which the Winchester have solicited funds promising to open rescue homes.

Confined to his home by sickness Judge J. C. Pritchard at Asheville yesterday decided to postpone further consideration of the South Carolina dispensary commission's motion for the appointment of a special master to assess damages against injunction petitioners until October 1st.

SUICIDE IMPOSSIBLE

**Expert at Sutton Inquiry Believes Lieutenant Was
Murdered.**

GRUESOME SCENE IN COURT

**Dr. Schaeffer Says Sutton Could Not
Have Fired Fatal Shot As De-
scribed by Adams—Ser-
geant Todd Examined.**

(By Wire to the Morning Star.)

Annapolis, Md., Aug. 11.—A gruesome feature was this afternoon introduced in to the proceedings of the court of inquiry into the death of Lieutenant James N. Sutton, Jr., of the United States Marine Corps, when the legal representative of Mrs. Sutton, mother of the dead lieutenant, brought to the witness stand Dr. Edward M. Schaeffer, of Washington, an expert on gunshot wounds. The people in the room, crowded around the table and gazed with the keenest interest at the doctor while he placed upon the table glistening skulls, to the exterior of one of which he affixed in little lumps of wax, steel rods intended to indicate to the members of the court the course of the bullet in the skull of Lieutenant Sutton. Lieutenant Adams had given a dramatic illustration of the position of Lieutenant Sutton when the fatal shot was fired. The doctor was equally dramatic as he stretched himself upon the table and showed by pantomime, how in his opinion an expert, it was quite impossible that Lieutenant Sutton could ever have fired into his own head the shot that put an end to his life.

One of the points upon which the witness dwelt with special stress was the impossibility of Lieutenant Sutton being able, under the circumstances described in the testimony to exert sufficient pull on the trigger of the revolver to bring down the hammer of the weapon upon the cartridge.

Dr. Schaeffer stated that he had had much experience in the examination of gun shot wounds, and had performed many autopsies upon bodies, where such wounds appeared.

Illustrating upon himself, the witness assumed on the table the position in which Lieutenant Sutton was described to have been on the ground when shot and declared that he, when witness, was unable to pull the trigger of the small pistol he was using in his demonstration. With any one sitting upon his shoulders, he said, it would have been utterly impossible for a man in Sutton's position to have shot himself as has been described to have been done. Mr. Birney cross examined Dr. Schaeffer, questioning him with an apparent intention to show that a man of Sutton's age might have done what one of Dr. Schaeffer's could not.

Sergeant Todd who was on the stand during the afternoon session said he had seen Lieutenant Roelker pass the guard room. After the shooting, he said, Lieutenant Roelker came into the guard room and said: "My God, Archie, I've been shot."

The witness had heard four shots fired. He acknowledged having said he had often wondered why he was not summoned. Mr. Birney took the witness over the events of the night. The running figures he said was going from the vicinity of the camp toward the bridge over College Creek. After the shooting he saw Lieutenants Adams and Osterman in the room of the officer of the day.

In response to questions of Mr. Davis, Todd said that it was Lieutenant Adams who had asked the witness "if he had any spare guns," saying there was trouble in the camp, and he wanted them for protection.

Todd said he did not hear until next morning that Lieutenant Sutton had been shot. He was not asked by any one if he knew anything whatever of the trouble. The first time, witness said, that any one had told him that any information he had was wanted was when a newspaper man did so at Wakefield, Mass., yesterday.

Dr. Schaeffer was on the stand when the court adjourned.

MOORS ATTACKING SPANISH.

**Fierce Battle is On—Spain Has Army
of 40,000 in Field.**

(By Wire to the Morning Star.)
Madrid, Aug. 11.—The Moors are directing a fierce attack against the Spanish garrison at Panon de La Gomera, Morocco. Fighting began yesterday.

It is understood here that Mulai Haad, the Sultan of Morocco, has notified Spain of his readiness to send troops into the Rif region to chase the Moors and establish peace. Orders have been sent to General Marina, who has nearly 40,000 troops at his command, to proceed against the Moors in the neighborhood of Mellilla. Penon de La Gomera is a fortified Spanish island on the coast of Morocco, 80 miles from Ceuta. It is used as a penal station.

Mellilla, Aug. 11.—A captive balloon in the Spanish lines today discovered two new camps of the Moors, which were promptly shelled by the Spanish artillery. The Moors were driven out, carrying away their dead and wounded.

NEAR BEER BILL PASSES

**Voted Out of Nearly Half of State of
Georgia During Closing Moments
of the Legislature—Features
of the Session.**

(By Wire to the Morning Star.)

Atlanta, Ga., Aug. 11.—Near beer was voted out of nearly half the State of Georgia tonight by the Legislature when a few minutes before joint adjournment the Senate high license bill was passed by the House, 81 to 77. The bill prohibits the issuing of near beer licenses except in towns of 2,500 or over.

Atlanta, Ga., Aug. 11.—The Georgia General Assembly adjourned tonight with mixed feelings of regret and pleasure. The legislators regretted that the constitutional limited of the session had been reached; the general public rejoiced that the end had come. This session just terminated will probably go down in history as the one in which less real work for the public was accomplished, and more freak legislation threatened than any other in the memory of the oldest inhabitant. That much of the latter was defeated was due to the disposition of the Assembly early displayed to dispute every bill introduced.

Two of the measures which received the strongest support on the part of the most advanced people, never reached a hearing in either House. One was the compulsory education bill. It provided that each child in the State under the age of 14 must attend school at least three months a year.

AWFUL DROUGHT IN VIRGINIA.

**Corn Fields Burning Up and Streams
Are Dry.**

(By Wire to the Morning Star.)

Winchester, Va., Aug. 11.—The great corn fields of Northern Virginia are burning up. The severest drought of years is prevailing, and for more than six weeks little if any rain has fallen in the Shenandoah and Page Valleys. Streams are lower than for years and many are dry. The corn crop will be almost a total failure, while all growing crops are cut short.

Should the drought prevail much longer the apple crop, which gave fine promise, will be seriously affected. Thousands of dollars have already been lost to the farmers and each day the loss increases.

The railroads are seriously troubled by fields being set on fire by passing locomotives and valuable property menaced.

Five thousand persons attended a reunion of Franklin county Confederate veterans at Rocky Mount, Va., yesterday. Governor Claude A. Swann, of Virginia, and Congressman E. W. Saunders, delivered addresses.

CLYDE LINER IS IN DANGER

**Steamship Arapahoe Has Broken
Shaft and is Drifting Helplessly
Off Hatteras—Wireless Mes-
sage Sent for Assistance.**

(By Wire to the Morning Star.)

Beaufort, N. C., Aug. 11.—The Steamship Arapahoe of the Clyde Line, for Jacksonville and Savannah from New York, broke her tail shaft this afternoon at 3:45 o'clock and reported by wireless message received at this station at 4:50 o'clock, that she was drifting helplessly.

The ship at the time that she flashed her "C. D. Q." was 21 miles south west of Diamond shoals lightship. The wind is strong from the northeast and is drifting the ship in shore. She is heavily loaded and has quite a number of passengers on board.

The revenue cutter at Wilmington, N. C., or Norfolk, has been notified, as have tugboats along the coast, and many of them now are speeding on to find the disabled ship and render aid. It is expected that some of them will surely reach the vessel before morning.

Despite the strong northeast wind, the sea is moderate. It is believed that as soon as the Arapahoe comes into soundings the master will anchor. Seafarers here are reassuring in their view regarding the ship and feel that she is in no grave danger. They are confident that she will have a tow by daylight.

Huron to the Rescue.
Beaufort, N. C., Aug. 11.—Wireless reports that the steamer Huron, of the Clyde line arrived to aid the Arapahoe at 6 P. M. The Huron is standing by and possibly will take the Arapahoe in tow and thus save a large salvage bill.

Will be Towed to Charleston.
New York, Aug. 11.—Wireless dispatches were picked up by the United Wireless Company at their station near Manhattan Beach tonight, telling of the plight of the steamer Arapahoe of the Clyde Line, near the Diamond Shoals lightship. The message said that she was anchored in 25 fathoms of water and that she would be towed to Charleston. The Clyde Line instructed one of its southbound vessels, the Iroquois, to stand by her.

Fayetteville, N. C., Aug. 11.—The Highlanders made it six straight from Wilmington by taking two games of a doubleheader from the Sailors, scores 6 to 1 and 3 to 0 today. Both games were brilliant exhibitions being filled with spectacular playing. Shumaker again starred at the bat, getting three doubles and one single in four times up in the first game, while Dobson secured three singles in the second. The fielding features were O'Neill's brilliant playing on shore and Dobson's great one hand catch of a foul on almost the spot on which Shumaker made his famous somersault catch, from the bat of the same man Sharp. The visitors had not a look in for either game both Hallman and Kull being invincible. The Highlanders won both by finely hitting. Howard was found for six hits against four off Kull, while Sexton was pounded for six singles and five doubles, everybody getting a hit but Hallman. Lohr, the former Highlander, was liberally applauded for a beautiful catch in left field while Brodie and O'Halloran also pulled off some starchy work in the outfield. McKernan went into the outfield and took down one.

THE TRUCKING INDUSTRY AND ITS PRESERVATION.

The trucking industry in the Wilmington district amounts annually in money value to a cash return of between \$1,000,000 and \$2,000,000. That is sufficient of itself to indicate its great importance to this city and the producing communities. The necessity of encouraging the industry, therefore, is emphasized and our commercial and industrial organizations and every business man here should take a hand in a movement to better the conditions in the trucking community and foster the industry in every possible manner.

Trucking has gotten to be one of our valuable assets and its importance to the growers, the merchants and the bankers is so pronounced that all interests should sit up and take notice that the cause is theirs. The industry must go forward and not be allowed to suffer from any cause that possibly can be remedied. It has long ago been demonstrated that Eastern North Carolina is the ideal trucking region and logically is the market garden of New York and the other great and easily accessible markets of the North. With a soil that is more than generous in production and easily tillable, and a climate that renders all the conditions ideal for the production of early and salable products of garden and field, the crowning advantage is quick transportation to the markets. We have regular refrigerator car service and truck gathered for market is delivered in New York in from 18 to 20 hours. It can be asserted without possible contradiction that no other section of the South offers such advantages for the trucking industry and there is room for it to be developed on a large scale.

With the advantages so pronounced, there are some conditions that work to the detriment of the trucking interests. The thing to be done is to discover the drawbacks and remedy them. If the trouble is in refrigeration, transportation or freight charges there should be some solution of that feature of the conditions detrimental to the industry. It is all-important for products to reach the markets quickly and in the very best condition and that is as much to the interest of the transportation companies as it is to the producers. It would seem to be an easy matter, therefore, for them to get together in a solution of that difficulty.

There are, however, more serious obstacles to overcome than those of transportation. The principal one is the difficulty of getting a fair return or reasonable profit out of the business. If that is not to be had in business the merchant shuts up shop and if it is lacking in the trucking business it will wane. To meet and prevent that contingency and disaster is what we must undertake to do. Of course, truck products should reach the markets in good condition, otherwise they are unsalable. If they go to the middleman or direct to consumers and are in an unsalable condition, the result is the same to the producer—he gets little or nothing or a few stamps for what he had reason to expect a snug sum. Truck may or may not reach the market in good condition, and in any event the word of the middleman has to be taken for it. Frequently his "word for it" comes with a few stamps or a small check that will hardly pay freight, much less pay the cost of production.

Some middlemen are honest and thoroughly reliable, but there are others who are neither. Sometimes the chances are that the middleman is unscrupulous, unprincipled, and "thievish" as the darkey would say. In the latter case, the swindler must be cut out and some system should be adopted by which only responsible brokers may be allowed to handle produce. The fellow who pays in stamps and sends many small checks should go on the black list or be investigated under suspicion of untrustworthiness or unreliability. At any rate, it is sufficient cause for him to be suspected and the growers should have some means of communicating the fact to others so they won't get bit.

So much for the middleman who is crooked generally and a pirate when he gets the chance. As for the responsible middleman even, there is a growing impression that he should be eliminated. He stands between the growers and the consumers and it must be admitted that he is a costly go-between. He sends out well-paid

solicitors whose expense for traveling and hotel bills is heavy, and necessarily it all comes out of the product that he buys or has consigned to his house. The producer "he pays the freight" and also the middleman before he can get anything out of his produce after he has gone to considerable expense to raise it. In short, the expense of production, transportation and marketing is too costly and here is a serious problem to be solved.

Some advocate the elimination of the middleman, but it might not be so easy to do without him as we would wish. He appears to be a necessary evil, so 'to speak, for reaching consumers direct is well near impossible. However, if there must be a middleman he should be reliable and responsible, and the problem is to have in the various markets brokers who can be trusted for a square deal for the growers.

We know of no better plan for the solution of all the troubles of the truckers than through organization. Such an organization our truckers have in the East Carolina Truck and Fruit Growers' Association. It is working along the right line, but what it needs is more earnest and unanimous support from growers. The co-operation must be general if a great deal is to be accomplished. Much has already been accomplished and complete co-operation is bound to achieve more. The truckers should, therefore, stick to the Association, and even if it does cost something to maintain it, the expense is small compared with the constant losses which truckers suffer by trying to do business without co-operation all along the line.

The Board of Directors and the Executive Committee of the East Carolina Truck and Fruit Growers' Association will hold their annual meeting in Wilmington next Wednesday, August 18th. The plans for the future will be discussed and adopted, and the purpose of this article is to urge every grower and shipper of truck to back up the organization for all they are worth.

To sum up—the truckers' needs are improved methods of cultivation, better and cheaper transportation, and some more economical or satisfactory plan of marketing their products. To help the truckers along the line of some of these suggestions, the Agricultural Department at Washington has sent Mr. Beattie, an expert, to Wilmington and this section, and he is here under the auspices of the Association to aid in bettering conditions. The truckers should lose no opportunity in conferring with him and co-operating in every way in the work.

NORTH CAROLINA FIGHTING GROUND.

Among the political leakage from Beverly, Mass., the Summer Capital, the following newspaper dispatch was sent:

"From the so-called 'Solid South' the President has picked out North Carolina, Tennessee, Kentucky and Mississippi as debatable States, and will treat them on the same footing as Northern States, giving all of the census jobs to Republicans. He will require that in these States the same standard of efficiency and character shall obtain. The States in which the division between Democrats and Republicans will be made are Virginia, South Carolina, Georgia, Florida, Alabama, Mississippi, Arkansas, Louisiana and Texas."

When the plums fall in North Carolina there will be such a rush for them that you can't tell a Democrat from a Republican in the crowd. All the plum hunters will be glad, but that will be no sign that North Carolina is going wrong in the next election.

Greensboro and Lexington have come to blows over good roads. Greensboro accuses Lexington of being mean and underhanded in the way she goes about getting a good road that will run from North Carolina into Virginia. Greensboro's nose is out of joint and Lexington has to keep out of her way or take a licking. "Fight! you are no kin." The Star is tickled when North Carolina towns get to fighting over good roads. It means that North Carolina surely means to "keep in the middle of the road."

Be er man. Don't double-team the umpire. Chew the rag but don't swat the umpire with a brick or a stick. He's no snake. He may "need killing" but he's got a hard job to hold down, so let 'im off with a vigorous flow of choice baseball epithets selected from the robust vocabulary peculiar to the great sport. Don't debase baseball. The perverse umpire is "no lady" but don't hit him if he is bigger than you are.

If Editor Wade Harris, of the Charlotte Chronicle keeps on flying around writing up communities, he will receive as many invitations as President Taft. Isn't it about time he were coming down about Wilmington to have a fish and feast on pig fish, shrimp, clam fritters, clam chowder and the like?

A town that can't keep its streets and back lots clean had better cut out its conversation about being a city.

Col. Bryan, denying the rumor that he would remove to Texas, declares that he is "a fixture in Nebraska." What an opportunity is open there for the Charleston News and Courier's impertinent paragrapher to inquire, Gas or hot air?

A Charlotte man lost a pocket book containing several hundred dollars. Gee! Just think of it if one of Wilmington's lettuce growers would lose his pocket book after selling \$10,000 worth of stuff in two months!

Now that next year's politics have started up, the linotypes should be awfully careful when they go to set "Rotation in office." Don't get any aspirant in a hole by setting it "Rotation in office."

The Y. M. C. A. President at Bristol, Tenn., was bounced because he voted for the licensing of saloons instead of prohibition. It seems that he didn't stand on the platform but "laid down" on it.

The Georgia Legislature is holding night sessions. Will somebody please induce the members to blow out the gas and lock themselves in for the night.

An exchange observes: "The cablegrams won't let Col. Roosevelt alone." If you knew Col. Roosevelt like we do, you'll know that the cablegrams are not to blame for it.

A thief in Charlotte robbed a store of 100 pennies. No doubt he was looking for Lincoln pennies containing the initials of the designer, Victor D. Brenner.

CURRENT COMMENT.

—The North Carolina assistant Republicans will declare Mr. Taft is not fair in giving all the census plums to the open Republicans.—Columbia State.

—The fine progress being made by the dredges on the canal between the head of North river and the St. John's river gives assurance that the waters of the St. John's will be blended with those of the Matanzas ere another year steps in.—St. Augustine Meteor.

—If the railroads are not making money it is not because travel is heavy. On all the roads the coaches are filled. At this or that station, as a big crowd files out, one is apt to think that there will then be more room in the car, but invariably there will be as big a crowd to file in and fill the vacated seats.—Charlotte Chronicle.

—The Atlantic Coast Line, according to the Fort Myers Press, is offering to the citizens of Lee county to issue some 15,000 copies of an elaborate, well-illustrated folder in four colors, descriptive of the county, and to place these folders in the various ticket offices of the company all over the United States. The Coast Line, it is explained, will put up dollar for dollar with the county to bear the expense of these pamphlets. It is a magnificent offer and any county to which it might be made would be very foolish to neglect it.—Jacksonville Times Union.

—If there was only a way to submit to a legislature a certified list containing the name of every farmer in Maine who had either been driven out or was preventing from entering upon the sheep raising business because of his neighbors' dogs the legislature would need no further argument for the passage of a law which would keep dogs confined. Maine is a prosperous State already, but she would be doubly prosperous if the State was swept clean of every dog that chases sheep. Sheep raising is a great industry and a profitable one. Why not swap our dogs for sheep and pocket the difference?—Kennebec (Me.) Journal.

TWINKLINGS.

—Daughter—Father, dear father, won't you forgive John and me for eloping? Father, Dear Father—Yes, if you—er—elope again right away.—Judge.

—The Youth—Oh, the cloak of invisibility? Just the thing I want for my adventure. May I try it on? The Dealer in Magic—Young man, for goods of this description we always require payment in advance.—London Punch.

—The little grass widow found her newly married friend crying bitterly. "Why do you cry?" she asked her. "Quit it. It isn't worth while. I used to cry like that the first two or three times, but I don't any more. I just go out and get a divorce."—New York Press.

—Showman—I don't know as we can give any kind of a show this afternoon. Assistant—What's the matter? Showman—That fresh kid's been in the cage of the maneating lion having a romp, and the critter is as playful as a kitten; the farmer we rented the sacred cow from India from says the money ain't payin' him for the loss of his milk route, and the Wild Man of Borneo says he's got to have a day off to register and see the police parade.—Baltimore American.

DO YOU PATRONIZE HOME INDUSTRIES?

Those of you who have been making your purchases away from Wilmington should think before patronizing mail order and houses away from home any further.

Who sympathized with you when your little girl was sick? Was it the mail order house?

Who carried you last winter when you were out of a job and had no money? Was it the mail order house or was it your home merchant?

When you want to raise money for the church or for some needy person in town, do you write to the mail order house, or do you go to your home merchant?

How much does the mail order house give towards keeping up sidewalks or paying the minister's salary?

When you were sick how many nights did the mail order house sit up with you?

When you had to raise money to pay your gas bill, did you get it from the mail order house or a home merchant or contractor?

When your loved one was buried, was it your home merchant who dropped the tear of sympathy and uttered the cheering word, or was it the mail order house?

AN ABLE ASSISTANT.

By ADELAIDE RUTH HILL.

[Copyright, 1908, by American Press Association.]

A sunny morning in June a girl of twenty stood in the grounds of a country place, a diagram in one hand, a pencil in the other. A man carrying artist's sketching materials was coming down the road. He stopped and leaned against the stone wall.

"Is this the Harrington place?" he asked the girl.

"It is."
 "The old mads who owned it, I hear, are dead, and it has passed into the hands of a new owner. They say he's a globe trotter and there's no more chance of the place being kept up than before."

"On the contrary, I am employed to lay out the grounds in an entirely new scheme."

"You?"
 "You seem surprised to see a girl doing such work. I have just been graduated in the department of gardening at college."

"H'm! Where are your assistants? You can't do the job alone."

"Can't get any."

"How would I do?" he asked after a pause.

"You seem to be an artist, not a tiller of the soil."

"Artists can't live on their artistic productions; they must stop once in awhile to earn some money by work."

"You couldn't earn much here—only \$2 a day and found."

"I could run ahead \$12 a week. I'll go to work right off if you like."

The man was engaged, the head gardener warning him that if she caught him dreaming over the surrounding scenery, which was very fine, she would "dock" his wages. He must also agree to give her a week's notice before quitting. All this being arranged, she set him to work digging up the sod for a new arrangement of the walks. It was hard work, and he didn't get on very well. At evening she told him he'd better give it up.

"I tell you what I'll do," he said.

"You pay me what you are allowed for assistants. With that I'll agree to employ two assistants and boss them. That'll give you all your time for planning."

He succeeded in talking her into the scheme, though she couldn't see where he would get help or make anything for himself. He went to the village that evening and the next morning had two lusty fellows at work. He sat in the grounds sketching, giving his men occasional instructions.

"I declare," said the head gardener, "if that isn't just like an artist. Nobody can ever tell how they live. Well, if he doesn't make any money it's no concern of mine. He's getting the work done."

Finding too much time for her planning, she strolled out and took a look at the picture he was making. The outline of a landscape was sketched on the canvas.

"I would like to know," she said, "how you expect to gain any money by paying your wages to others."

"I thought that was the only way to make money—getting other people to do the hard work and doing the skilled part yourself."

"But you're not even doing the skilled part."

"You're doing that."

"While you are?"

"Wasting my time. I admit it. This picture will never be good for anything. Let's go in and try the piano."

He seemed to have his own way with her. She followed him into the house, and, sitting before the piano, he struck several chords.

"This won't do," he said snappishly. "The thing can't have been tuned in years. These people can't expect you to get on with a tin pan. What's the agent's name?"

Before she could stop him he had rung up the agent on the telephone, and she was horrified to hear him say:

"Miss Kiscock, the head gardener, wants to know what you mean by leaving the piano in such a condition? She says if you don't have a man here to tune it right off she'll throw up her job."

He hung down the receiver and rejoined her.

"Upon my word!" she exclaimed. "Who authorized you to say that?"

"If he doesn't have a tuner here by tomorrow morning you needn't pay me any wages for myself or the two assistants. You women are not fitted to get on as men are. You haven't got any sand."

"Where men have as much of it as you have there's none left for us women."

She consented to let the matter rest, and sure enough the next morning the piano was tuned. Then the first assistant gardener insisted on the head gardener spending the morning with him in the music room.

Finally the grounds were laid out on the new plan. The men the assistant had hired kept at work and seemed satisfied with their pay. How their boss managed the finances to make anything was a mystery.

When the work was ready to turn over to the agent the artist took his traps and moved on. It seemed to the girl that her world had moved on and left her desolate. The agent sent word that the owner had arrived and he would bring him to inspect the grounds. Miss Kiscock dreaded lest her scheme should be disapproved. Doubtless the globe trotter owner was used to the beautiful landscape gardening abroad, and her girlish effort would seem a botch to him. When the two arrived she was in her room. She hurried downstairs. There was the agent, and with him the artist.

"Mr. Trowbridge, the owner," said the agent.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S.S.S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S.S.S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

Wilmington from a business trip to
Cincinnati, Ohio. He has many friends
who are pleased to greet him after his
absence from the city.

—The Greensboro Record of the
10th says: "Once in the railroad busi-
ness, always in it. Mr. W. E. Kyle, of
Fayetteville, auditor of the old C. F.
& Y. V., is still in the business, being
special agent of the Atlantic Coast
Line, which position he has held
since the sale of the old road. He
since the first time in several years, and
aside from being 'a little gray in the
face' as they say about a race horse,
he looks as young as ever."

AN OLD OFFENDER.

Alex. Mazingo Arrested Here for Re-
tailing in Cumberland.

Alex. Mazingo, an elderly white
man, who has done considerable time
on the New Hanover county roads,
was arrested yesterday afternoon by
Deputy Sheriff W. H. Howe on a capias
sent here from Raleigh. Mazingo
is charged with retailing in Cum-
berland county in 1907 and the war-
rant was issued by United States Com-
missioner Thomas H. Sutton, of Pay-
etteville. The capias was sent to
United States Commissioner George
Harris and placed in the hands of
Deputy Sheriff Howe for service. The
defendant, who was lodged in the
county jail, will probably be taken to
Fayetteville in a day or two for trial.
He only recently completed a term on
the county roads, where he has been
several times for the larceny of logs.

LOCAL DOTS.

—Thirteen bales of cotton were
brought to the city yesterday on the
steamer City of Fayetteville, making
the largest receipts at the local port
in any one day in the past two weeks.
Middling is selling at 12 1-2 cents.

—A deed was filed for record yester-
day transferring from D. M. Borne-
mann to J. W. Mayland, for \$500 and
other considerations, lot on west side
of 11th, 102 feet north of Castle street,
30x69 feet in size.

—The case against J. W. Lanier,
charged with the larceny of a watch
from Mr. J. R. Turrentine, Jr., set for
trial before Justice Harris at 10 o'-
clock yesterday morning, was contin-
ued until today at the request of A.
J. Marshall, Esq., counsel for the de-
fendant.

—Mr. Tom Turner, a young man em-
ployed at the Lumina refreshment
stand at Wrightsville Beach, was pain-
fully hurt yesterday, his hand being
badly lacerated with broken glass
from a bottle of soda he was handling.
He came to the city and had the in-
jury dressed.

COAST LINE STOCK SOARING

Advanced Six Points Yesterday, Clos-
ing at 142 1-2—New Issue L. & N.
Through private advices received in
the city yesterday, a new issue of the
stock of the Louisville and Nashville
railroad, of which over 50 per cent. is
owned by the Coast Line, will be
made, granting to the stockholders an
opportunity to subscribe 50 per cent.
of their holdings in the new issue at
par. This was the gossip in Wall
Street yesterday and caused the rapid
advance in Coast Line stock, which
closed yesterday at 142 1-2 as will be
seen from the stock market gossip
elsewhere in today's paper. On Tues-
day A. C. L. closed at 137 and at one
time during yesterday it was 136 1-2.
L. & N. stock closed yesterday at
160 5-8, making the advance in the
day of seven points. The increase in
the holdings of A. C. L. and L. & N.
was one of the stirring features on
the New York market yesterday. It
will be interesting to note that of the
600,000 shares of L. & N. stock 306,000
shares are owned by the Coast Line.
The Wall Street Journal of August
3rd, giving the official figures of the
yearly report of the Atlantic Coast
Line, gives its net earnings at over
two million dollars.

MR. EDWARDS RESIGNS

Leaves Ticket Agency For Commercial
Position—Mr. Arrington.

Mr. J. D. Edwards, the popular city
ticket agent of the Atlantic Coast
Line and Seaboard Air Line at the
Union station in Wilmington, has re-
signed his position there and on Au-
gust 15th will go with Messrs. Smith
& Gilchrist, fertilizer manufacturers of
this city. Mr. Edwards is one of the
most popular and efficient city ticket
agents on the systems which he has
represented and he will be greatly
missed by the local and traveling pub-
lic.

Mr. Edwards will be succeeded by
Mr. B. W. Arrington, for many years
in the Coast Line service and a city
ticket agent of wide experience both
here and in other cities. He will prove
a worthy successor of Mr. Edwards
and the regret at his leaving will be
tempered with the pleasure it will give
the public to again greet Mr. Arring-
ton at the window.

SOME CIVIC PRIDE.

City Officials Being Encouraged by
People in New Methods Adopted.
The active work being carried on
under the direction of the city, in ac-
cordance with new methods recently
adopted by the Board of Aldermen in
removing the trash and garbage from
the business and residential sections,
is being strongly encouraged by the
people as will be seen from the work
of the past week.

With the assistance of several addi-
tional teams, which were purchased
this week by the city, it has proved
a general clean-up week, and over 269
cart loads of rubbish from alleys and
back lots, a good deal of which came
out of the business section, has been
removed. The work of cleaning up
and seeing after this work with active
interest, has not been waged so
strongly before in several years, and
it has brought about a revolution in
this particular.

THE CRYSTAL PALACE.

Season Will Open on Labor Day—
High Class Vaudeville Offerings.

Many patrons of the popular Crys-
tal Palace will be interested and pleased
to know that this pleasure palace
will open for the season on Labor
Day, Monday, Sept. 6th. Mr. John E.
Poole will again be in charge as man-
ager and the playhouse is being over-
hauled and placed in the best of con-
dition for the opening. New scenery
is to be painted and many other im-
provements will be made preliminary
to the opening. This season the offer-
ings in high-class vaudeville and no-
velty acts will be of the very best and
the season has the brightest prospect
for a brilliant success. The scenery
will be painted by the same scenic
artist as engaged for the work at the
Academy of Music and the work will
be of the very best. The Crystal, as
of old, promises to be an important
factor in the Winter amusement of
the city.

Yacht Race Saturday.
Much interest is being manifested
in the regatta to be sailed over the
Carolina Yacht Club course at
Wrightsville Beach on Saturday. The
start will be about 5 o'clock and the
race will be free for all. Any infor-
mation may be secured from the Ro-
gatta Committee of the Club.

COMMISSIONERS ADJOURN

Good Roads and Equalization of Taxes
Discussed at Length—Old Offi-
cers Re-elected—Visitors
Had a Fine Time.

When the second annual conven-
tion of the State Association of County
Commissioners of North Carolina
was called to order in its first busi-
ness session in the assembly hall of
Tarrymore Hotel, Wrightsville Beach,
yesterday morning, there was a con-
tinuation of the discussion of the good
roads movement, and some time was
devoted to a consideration of the vital
subject. A number of commissioners
spoke with enthusiasm in favor of im-
proved highways.

The morning session was taken up
with discussions and the election of
officers and the afternoon session was
devoted almost exclusively to discus-
sions of matters pertaining to the gov-
ernment of the counties. The conven-
tion adjourned with the afternoon ses-
sion and practically all of the visitors
left for their homes during the after-
noon and night, declaring this to have
been the most pleasant and profitable
meeting they had ever attended.

The roll call yesterday morning
showed that there were about 50 dele-
gates here from various parts of the
State. The annual report of Secre-
tary C. V. Richardson showed that 38
counties had paid their membership
fee. Since the meeting in Greensboro
last year 21 counties have joined the
association. Mr. Richardson recom-
mended that a representative be sent
to the counties not enrolled as mem-
bers of the Association and explain the
importance of belonging to the As-
sociation. He also urged the officers to
use their best efforts to secure ad-
ditional members during the year.

The old officers were re-elected as
follows: President, C. E. Foy, New-
bern; vice president, J. A. Davidson,
Gibsonville; secretary and treasurer,
G. V. Richardson, Dover. Rev. Thom-
as Green, of Beaufort, was elected
chaplain, this being a new office.

Vice president were elected from
each of the ten Congressional districts
as follows: First district, H. M. Bur-
ras, Williamston; Second, B. A. Pope,
Weldon; Third, Dr. B. L. Kellum, On-
slow; Fourth, W. B. Banks, Wilson;
Fifth, W. C. Tucker, Guilford; Sixth,
J. W. Carter, Maxton; Eighth, P. B.
Beard, Salisbury; Ninth, N. B. Mills,
Charlotte. The chairman of the board
of Cherokee county was elected vice
president from the Tenth district.
That county not being represented his
name was unknown to the convention.

The following were elected mem-
bers of the executive committee: First
district, Thos. Green, Beaufort; Sec-
ond, C. W. Spruill, Bertie; Third, W.
S. Chadwick, Carteret; Fourth, W. E.
Jeffreys, Nash; Fifth, J. A. Davidson,
Guilford; Sixth, D. McEachern, New
Hanover; Seventh, W. J. Armfield,
Randolph; Eighth, N. B. Mills, Ire-
dell; Ninth, J. P. Roberts, Cleveland; Tenth,
J. E. Rankin, Buncombe.

The place of next meeting and how
to select it was discussed at length.
Finally, upon motion of Mr. Duncan
McEachern, it was decided to hold the
next meeting in the Piedmont section
of the State, the time and place to be
selected by the executive committee.
Salisbury and Charlotte have put in
bids for the convention.

Rev. Thos. Green, of Beaufort,
suggested that at the next meeting
two days instead of one be devoted
to the transaction of business mat-
ters. On motion of Mr. McEachern
the convention voted to remain in ses-
sion in the future from day to day
until all business matters were dis-
posed of. Mr. P. B. Beard, of Rowan,
made an interesting short address on
the question of equalizing taxes and
the collection of the same. Mr. Bur-
ras, of Martin, inquired of Chairman
McEachern, if the New Hanover
board of construction regarding the
good roads in this county. Mr. McEachern
said that the transportation of materials
was a problem which required the
most serious consideration and which
ran the cost of construction up higher
than it would be if the material could
be had along the roads. The Scott's
Hill road cost about \$2,400 a mile,
while roads in remote sections of the
county cost \$3,400 a mile. He called
attention to the great increase in prop-
erty values along the improved high-
ways.

Just before adjournment of the
morning session at 1:45 o'clock, the
following resolution was unanimously
adopted by a rising vote:
"Resolved, That this Association
extend sincere thanks to the citizens
of Wilmington, the Commissioners of
New Hanover county, the Tidewater
Power Company, Capt. J. W. Harper
of the steamer Wilmington, and the
management of the Tarrymore Hotel,
the city press, for the many evidences
of their generous hospitality and all
other friends who have contributed
so handsomely to the pleasure and
comfort of the association."

Afternoon Session.
The afternoon session convened at
3 o'clock with Vice President J. A.
Davidson in the chair and Mr. H. L.
Vollers, of the New Hanover board,
acting as secretary, both President
Foy and Secretary Richardson having
returned home in the afternoon. There
was a very small attendance, the ma-
jority of the visitors having left on
the afternoon train for their homes.
Chairman McEachern moved that Mr.
J. A. Davidson, of Guilford, be placed
on the executive committee from the
Fifth district in place of Mr. W. C.
Bradshaw, of Guilford, and Mr. W. E.
Jeffreys, of Nash, in the Fourth in
the place of Mr. W. C. Brewer, of
Wake. The motion carried unani-
mously. The names of the executive
committees appearing above is the
corrected list. The reason for the
change was that the gentlemen sub-
stituted have attended all the meetings
and took great interest in the proceed-
ings. Mr. Davidson is chairman of the
committee.

On motion of Mr. McEachern the
executive committee will meet in
Greensboro within the next few
months, at a date to be named by Mr.
Davidson, for the purpose of selecting
the place of the next meeting of the

convention and arranging the pro-
gramme.

At this juncture Mr. Jeffreys an-
nounced that as he had to leave on an
early evening train and desired to
take "just one more plunge in the
deep" before departing from this de-
lightful community, he would make
his farewell speech. He said that never
before had he attended a meeting
that was more enjoyable than this one
and that it was with regret that he
took his departure.

Equalization of Taxes.
"We will now hear from the orator
of the convention," said Mr. David-
son, "I refer to Mr. Duncan McEachern,
chairman of the Board of Commis-
sioners of New Hanover county." Mr.
McEachern arose and denied the al-
legation but before he had finished
the visitors were ready to agree with
the chair for Mr. McEachern made one
of the strongest speeches heard on the
floor of the convention and about a
matter in which the whole State is
vividly interested—that of equalization
of taxes, a problem that has been of
serious concern for years. In an ef-
fective way Mr. McEachern told of
injustices that are done the poor
widow, whose property, little though it
may be, is assessed at its full value,
while the wealthy man's property is
assessed at half or even less its mar-
ket value. Though the widow has to
pay by lamp light way into the night
to make a living for herself she must
pay taxes out of proportion to the
man owning large tracts of land and
other property. There is no justice
in it. Some means should be devised,
said the speaker, by which there could
be an equalization of the taxes. The
assessors go around and look at the
property and merely guess at its val-
ue. He is strongly in favor of legis-
lation and in the enforcement of the
law. He said that if the assessors
placed a value on a man's property
and that man complained it was too
high and that he would gladly take
that amount for it, he favored a law
that would compel him to sell at that
figure or abide by the decision of the
assessors. He called attention to the
fact that some land in New Hanover
county is assessed at \$50, \$75 and \$100
an acre, while just as good land in ad-
joining counties is assessed at 50
cents, 75 cents and \$1 an acre. He
hoped members of the Association
would give the matter serious study
and at the next meeting some solu-
tion would be found.

Mr. W. M. Long, of Charlotte, spoke
interestingly of the Mecklenburg coun-
ty home and of the construction of
roads in that county. There are 500
acres of land on the county home site,
eight miles from Charlotte, and farm-
ing is engaged in to pay the expenses
of the institution, which is almost sus-
taining. Labor is hired to help in
the working of the crops. The county
roads are constructed by convict la-
bor and the cost ranges from \$2,500
a mile to \$7,000 a mile, the average
cost being \$4,000 a mile. The stone
cost about \$1,500 a mile. In response
to a question from Mr. McEachern Mr.
Long said that the maintenance of
the convicts was not included in the
estimates. Mr. McEachern said that
the roads in this county were con-
structed at a cost of about \$3,500 in-
cluding the maintenance of the convicts.

The remainder of the session was
taken up in a discussion of matters
that will be considered at length at
the next meeting of the organization.
Mr. Chas. Cott, president and gen-
eral manager of the National Index
Company, of Columbus, Ohio, who is
doing considerable work in this and
adjoining States, addressed the con-
vention at the morning session, ex-
plaining his index system. He stated
that he had visited the Register of
Deeds' office here and noted several
defects in the system recently instal-
led. He has a large clerical force and
has been engaged in this work for 21
years, during which time he has done
work in practically every State in the
Union. Misses Iva Merzler and Geo-
rgie Merrill, of Columbus, Ohio, who
are at work on a new index for Nash
county, accompanied Mr. Cott for a
few days' stay at the beach.

The following was gotten off by E.
M. Koonce, Esq., at the opening ses-
sion of the convention Monday night
and was considered so good by the
visitors that it is reproduced here:
"If it be true that He who makes two
blades of grass, or two ears of corn,
grow where only one grew before, has
served mankind more than a whole
race of politicians put together, what
must be said of you gentlemen who
have it in your power to make the
same old mule pull three bales of cot-
ton where he could not pull one be-
fore?"

The visitors were loud in their
praise of the way in which they were
entertained by the New Hanover
Board of Commissioners and others
who contributed to the success of the
gathering. To Chairman McEachern,
who has worked day and night look-
ing after the comfort and pleasure of
the visitors, is given unstinted praise,
as well as to other members of the
board.

Last night the Tidewater Power
Company gave a dance at Lumina in
honor of the visiting commissioners
and those who remained for the event
had a most delightful time as well as
hundreds of townspeople and beach
visitors who were present. It was a
repetition of the Japanese dance given
some weeks ago, only on a more
elaborate scale. The event was at-
tended by 1,000 or more people.

THE EXPERT HERE

Mr. W. R. Beattie Arrives From Wash-
ington to Confer With Growers.

Mr. W. R. Beattie, the expert from
the Bureau of Plant Industry, Agricul-
tural Department at Washington, D.
C., who has been detailed to visit the
strawberry section of East Carolina
and make a study of conditions here
with a view of assisting the growers
to better ideas of cultivation, packing
and marketing, arrived last evening
via Norfolk and is a guest at The Or-
ton. He had a conference last night
with President William E. Springer,
of the East Carolina Truck and Fruit
Growers' Association, through which
organization certain of the business
interests here are endeavoring to
bring about better conditions in straw-
berry production, and will leave this
morning for Chadbourn on the early
train. He will be met by Hon. J. A.
Brown and shown every facility for
pursuing his investigation and confer-
ring with the growers in that section.
Mr. Beattie did not expect to give
more than three days to his investiga-
tion here but President Springer is
using every effort to induce him to
remain at least a week. From this
section Mr. Beattie goes to Charleston,
S. C. and the trucking belt in that
vicinity.

TOBACCO RAISING IN PENDER

Fine Specimen of Lemon Wrapper.
Other Crops Good—Farmers.

Mr. E. D. Pearsall sends the Star a
fine grade of lemon wrapper tobacco
raised by Mr. Needham Potter, near
Rocky Point. This year is Mr. Pot-
ter's first experiment as a tobacco rais-
er and his product is as good as the
best. The lands in this section are
particularly adapted to the production
of a fine grade of yellow tobacco, and
Mr. Potter's success shows what farm-
ers can do as tobacco raisers.

Mr. Pearsall writes the Star that
the weather has been fine for curing
fodder and that a seasonable rain fell
Tuesday night. Cotton is fruiting
well, and with good crops of every
description. The Pender county farm-
ers are bound to have their share of
prosperity when it comes.

BEST INSTITUTE HELD HERE

Farmers Assembled at Castle Hayne Yesterday and Manifested Great Interest in Discussions—State Department.

The New Hanover Farmers' Institute yesterday at Castle Hayne, directed by a party from the State Department of Agriculture, was well attended by the farmers, and according to the belief of Mr. F. Sherman, Jr., a member of the party, was the most encouraging and interesting ever held in this county.

The farmers manifested great interest in the discussions on the cultivation of the various crops and the methods by which they might obtain the best results. The party at Castle Hayne yesterday is one of the five from the State Agricultural Department, which are holding institutes in various parts of the State at present and is composed of Messrs. F. Sherman, Jr., B. Barlow, from the State Department, and Mr. N. A. Layton, of White Oak, Bladen county.

The farmers assembled yesterday morning at 10 o'clock, about 50 in number, and the opening discussion was by Mr. Layton, who explained very fully the rotation of crops, in particular legumes and oats. He was followed by Mr. Sherman, of the State Department, who spoke at length on destructive insects and the methods of combating them. He gave a most interesting and thoughtful discussion on this subject and the farmers took much interest in what he said.

Mr. Barlow, of the State Department, formerly of Michigan, directed his remarks principally to the operation of the pure seed law, which act was passed at the last session of the General Assembly. He also spoke for some time on weeds and the best methods of keeping them from the various crops.

Mr. Layton spoke again at the afternoon session on fruit cultivation and orchard fruits in particular, adapted to this section. This was a discussion of great interest and the farmers derived much good from his remarks. The concluding discussion was made by Mr. Sherman on the topic of selecting seed corn, which doubtless proved most helpful to all present.

Finishing the regular programme for the institute, Mr. Sherman named a committee composed of 10 New Hanover county men to select a place of meeting for the next institute, and to act as an organization to encourage and direct the farmers in the instructions as given them in the best way to cultivate their crops.

The party will hold an institute at Burgaw, Pender county today, Friday at Leland, Brunswick county, and Whiteville, in Columbus county, Saturday.

Ready for the Institute.
(Special Star Correspondence.)
Rocky Point, N. C., Aug. 11.—The farmers' institute at Burgaw Thursday will be well attended. There will be a small horticultural exhibition as well as a few field products. There may be held some time during November an agricultural fair at Burgaw.

REAR-END COLLISION OF CARS

Came Together on Hill on Princess, Between Fourth and Fifth Streets.
Last night about 9 o'clock as the 8:30 o'clock car from the beach was coming into the city on Princess, between Fourth and Fifth streets, a three-car train in charge of Motorman Benson following from the barn, crashed into the rear of the regular train. Motorman J. T. Rogers, on the steep incline at that point. Sixteen passengers, some of them ladies, on the regular train were badly frightened, but no one was hurt. One of the cars of the three-car train from the beach was put out of commission but the damage is not great. The cause of the accident was the failure of the air brakes on the rear train, the cars being brought down to Front and Princess streets for inspection before being sent out on an extra run to handle the crowds for the Japanese dance.

AT WINTER PARK GARDEN.

Large Party Had Basket Picnic and Interesting Day There.
Yesterday was a day of interest at Winter Park Garden, between 75 and 100 people assembling there to enjoy the basket picnic and other entertaining and pleasing features arranged for the outing, as the guests of Mr. Jacob G. Seitter.

A number went from the city to the picnic and others from Acorn Branch and from the country near Winter Park Gardens were present. Splendid music was furnished for the occasion by a white string band and dancing was participated in. Delightful refreshments were served and it proved an interesting and delightful outing enjoyed by all in attendance.

Auto Trips Across Four States.

Mr. J. J. Carter, of Dublin, Ga., arrived here yesterday in a White Steamer, coming the entire distance from his home in the automobile and in doing so crossed four States, including Georgia, Tennessee, North and South Carolina. He had a most successful journey and the distance measured 1,500 miles. The White car shows its value in such cross-country routes and its expense to Mr. Carter over the trip was only \$24.20.

Rev. Mr. Rexford on Vacation.

Rev. W. L. Rexford, pastor of Trinity M. E. Church, with Mrs. Rexford, yesterday for Carolina Beach, where they will spend a week. Mr. Rexford has recently been granted a month's vacation by his church. There will be no 11 o'clock services at Trinity on Sunday morning and the service in the evening will be conducted by Rev. Josie Jerome. Rev. Mr. Rexford will fill his pulpit on the following Sunday as usual.

THE MAIN WITNESS SKIPPED

One "Blind Tiger" Case Dismissed For Lack of Evidence—Cornelius Moore Gets Same Sentence as First Trial.

Recorder Furlong yesterday heard for the second time testimony in the cases against Cornelius Moore and "Lomax," alias Thomas James, both colored, charged with selling intoxicants in violation of the prohibition law. The case against "Lomax" was dismissed, but Moore was found guilty and was sentenced to pay a fine of \$50 and costs or serve six months on the roads. Both cases were remanded to the Recorder from the Superior court on account of defects in the warrants.

The principal witness against "Lomax" was absent and the State failed to make out a case. The witness was E. S. Cook, employed by the city to do special detective work.

O. J. Vann testified that he drank some beer with Cook at 17th and Castle streets where the negro worked but he didn't see any money pass between Cook and "Lomax." Marsden Bellamy, Jr., Esq., who prosecuted the case, admitted that in the absence of the other witness the charge could not be sustained. Walter P. Gafford, Esq., appeared for "Lomax."

Cornelius Moore, colored, who runs a restaurant on Front street, near Orange, was not so lucky. Ed. Littleton, a white man, was the main witness against him, testifying that he gave Moore \$1 to get some whiskey; that he later returned with a party of friends and got a pint from Moore's place; Moore gave him 50 cents back; they expected to get dinner, but as it could not be served as soon as they desired it, left after drinking the whiskey. The defendant was represented by Wm. J. Bellamy, Esq., who contended that even if Littleton did get some whiskey from Moore it was a part of a meal and that it was no violation of the law. Marsden Bellamy, Jr., Esq., who represented the State, argued that the defendant was guilty of selling whiskey according to the evidence, which had not been contradicted. The Recorder sentenced him to pay a fine of \$50 or serve six months on the roads, from which decision an appeal was taken to the Superior court, bond in the sum of \$200 being required. This is the same sentence imposed at the first trial.

Chas. Evans, colored, was required to pay a fine of \$5 and costs for disorderly conduct. The Recorder announced his decision in the cases against four negro boys for throwing rocks on the streets which were tried two or three days ago. Miller Green and John Bennett were found not guilty, and Willie Gavin and Alonzo Greer were let off upon payment of costs.

Rockingham Post's Party.

At the Seashore Hotel, Wrightsville Beach, for the past week there has been a party of five young ladies, chaperoned by Dr. and Mrs. Jas. H. Warburton, of Rockingham, who were winners in a contest recently conducted by The Rockingham Post, a young lady weekly publication. The young ladies who compose the party are: Misses Maie Ingram, Pearl O'Brien, Lillie Warburton and Louise Medlin. They arrived last Friday and will be on the beach for some days yet. The young ladies are having a splendid time on the beach and with friends in the city.

To Bald Head Island Tonight.

Another of the interesting and pleasant river trips on the steamer Wilmington to Bald Head Island, near the Cape Fear bar, will be run tonight under the auspices of the young men of Fifth Street Methodist church. With good weather the trip will be a delightful one and the public is invited to take advantage of the outing.

At The Bijou Today.

"The Hand of Justice" is the feature picture of the bill at the Bijou today. It is a story full of human interest and will not fail to entertain the large audiences which will doubtless witness its presentation.

THROW OF BUYERS CONTINUE

The people of Wilmington and vicinity appreciate the great advantage J. Hicks Bunting Drug Co. has had for them in getting the Dr. Howard Co. to allow the regular 50 cent sale of Dr. Howard's specific, for the cure of constipation and dyspepsia, to be sold at half price, 25 cents, and have bought hundreds of bottles.

Every bottle of the specific sold by J. Hicks Bunting Drug Co. have had their personal guarantee to refund the money if it was not satisfactory, but none has come back, showing the wonderful curative power of this remedy.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents, be sure to call at J. Hicks Bunting Drug Co. today, for they have only a small amount of the specific on hand.

THREW EGG INTO TRAIN.

Struck Young Lady Passenger Returning From Raleigh Yesterday. (Special Star Telegram.)

Raleigh, N. C., Aug. 11.—A bad egg was thrown through the window of the first class day coach of the west-bound Southern passenger train from Goldsboro to Greensboro this afternoon just as the train was passing the grounds of the State Hospital for the Insane and struck a young lady from Fayetteville, a student of King's Business College, on the chest. The egg broke and splattered in every direction on the passengers in adjacent seats. A squad of patients of the hospital were at work near the track, but they and their attendants declare the egg was not thrown by anyone of the party.

STRIKERS FORCED TO MOVE.

Families of Pittsburg Steel Workers Put Out of Company's Houses. (By Wire to the Morning Star.)

Pittsburg, Aug. 11.—Early tomorrow morning 47 Schoonville strikers and their families will be evicted from the Fressed Steel Car Company's houses at McKees Rocks by the sheriff of Allegheny county and a force of armed deputies.

The last legal barrier in the way of ejectment proceedings was passed late today. As soon as the news reached McKees Rocks several of the strikers occupying company houses voluntarily moved their belongings into other residences.

MURDERED BROTHER-IN-LAW.

Pons Then Telephoned Sheriff to Place Him Under Arrest.

(By Wire to the Morning Star.)
Jacksonville, Fla., Aug. 11.—Charles Pons, one of the best known residents of Duval county, tonight telephoned to Sheriff Bowden's residence and informed him that he had just killed his brother-in-law, Charles Wiggins, at his home near Gravelly Hill, seven miles from Jacksonville, and requested the sheriff to place him under arrest. Pons alleged that Wiggins slapped his (Pons) wife, and they commenced to fight; that he drew a revolver and shot Wiggins four times, leaving him dead. The sheriff and his deputies left immediately for the scene of the tragedy.

WOMEN MADE DARING ESCAPE.

Fleeing From Burglar, They Jumped Through Window and Asked Aid.

(By Wire to the Morning Star.)
Savannah, Ga., Aug. 11.—Awakened by heavy breathing in her face before day break, Mrs. P. H. Cotton, Jr., saw a man bending over her bed. She awakened her mother, Mrs. W. J. Wallace, who was sleeping with her. The intruder made no motion to flee, and the two women, frightened, leaped from a window in their night clothing and ran for aid. Officers found footprints but no other clue to the burglars.

BRITISH STEAMER MISSING

Cruiser Was Unable to Find the Waratah—Had 300 Aboard.

(By Cable to the Morning Star.)
Simontown, Cape Colony, Aug. 11.—The British cruiser Forte returned here today after an unsuccessful search for the steamer Waratah, during which a distance of 1,320 miles was covered. The Waratah, a British steamer has been missing since July 26, when she sailed from Port Natal. She had on board 93 passengers and a crew of 207 men.

Albert Smith, a negro, who some months ago murdered William Dratts, also colored, was hanged in the jail yard at Ocala, Fla., yesterday. Smith made a lengthy statement declaring his innocence to the last. Dratt's wife, who was indicted at the same time, has been sentenced to life imprisonment.

—Late tidings from Montreal report that Miss Annie Wilson, the Kentucky magazine editor, has been taking Alpine training by climbing Brushy mountain. She intends to mount Grey Beard later; and when the early frost cools the air may ascend Mount Mitchell, the highest crag east of Colorado. Those who have gone upon the lofty peak know the arduous toil, the tax on strength and ambition; also the grand outlook enjoyed from the airy summit, that repays the exertion and fatigue to gain. The view will come into the hands of an experienced and versatile writer when Miss Wilson transfers the picture to paper and depicts the scene with language. It is hoped that she will not fail to ascend the rugged giant, as her description of the landscape would attract many tourists to the Blue Ridge, and induce others to scale the mountain and revel in the most picturesque view on the Appalachian ranges.—Concord (N. C.) Times.

'Twas A Glorious Victory.
There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, Coughs and Colds, Hemorrhages, Hay Fever, LaGrippe, Asthma or any Bronchial affection it stands unrivaled. Price 50c and \$1.00. Trial Bottle free. Sold and guaranteed by R. R. Bellamy.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you. Robert R. Bellamy.

Eccentric Count Bertrand.

Count Bertrand, who lived in Paris, was a very eccentric man, and to one of his eccentricities he ascribed his long life. Once a year he would be taken himself to bed and stay there for three months. On these occasions he would see no one but his servant, who he forbade to speak. Just before the Germans began the siege of Paris the count went to bed, and the servant, true to his injunctions, said nothing of the events going on around him. One day the bread proved so bad the count demanded an explanation, whereby, of course, he learned that Paris was encompassed by the enemy. Springing out of bed, the count paced the floor, repeating, "What should a Bertrand do under such circumstances?" Suddenly he stopped, exclaiming, "We should go to bed!" and to bed he went and stayed there until the siege was over.

Willie Objects.

Among the representatives in congress is one whose lack of personal comeliness is the basis of personal banter from his facetiously inclined colleagues.

"Why, Willie," said one of them to the four-year-old son of the congressman, "how much you resemble your father!"

"Yes, sir," responded Willie, with an air of resignation. "Everybody says that, but I don't think I deserve it."—Lippincott's Magazine.

Getting a Start.

"Did you secure tickets for the play, hubby?" inquired the New York wife. "I hear they are in demand." "They are, but I managed to get seats for two months from tonight. And, by the way—"

"Well?"

"You might begin to get ready now."—Kansas City Journal.

The Annual Roster.

"Do you know the difference between an optimist and a pessimist?" "Yes, indeed," answered young Mrs. Torkins. "All I have to do to see the difference is to observe Charley at the beginning and at the end of a baseball season."—Washington Star.

The Unhonored Prophet.

A visitor to Carlyle's birthplace back in the seventies said to a native: "Smart man, that Thomas Carlyle." The native grunted. "Him smart? Why, I went to skule w' him."

The soul is the perceiver and revealer of truth.—Emerson.

Seared With A Hot Iron, or scalded by overturned kettle—cut with a knife—bruised by slammed door—injured by gun or in any other way—the thing needed at once is Bucklen's Arnica Salve to subdue inflammation and kill the pain. The Third Way.

The Midland express was slowing up in Derby station. An American traveler, his finger keeping the place in his Baedeker, addressed the carriage:

"Can you tell me whether this place is 'Derby' or 'Darby'? I have heard both."

"The original and therefore the correct pronunciation," replied a precise looking passenger, "is 'Darby.' I have seen it spelled 'Darbie' on old maps. It is also the form used in common speech."

"You'll find 'Derby' is right," rejoined a passenger, less precise. "It's spelled like that, and the people up in the north of the county say 'Derby.'"

At this point the train stopped, and a porter bawled loudly into the carriage, "Dawby!"—Manchester Guardian.

Sven Hedin's Experience.

Dr. Sven Hedin, the famous traveler and explorer, had some terrible experiences during a journey through Tibet. He told how, owing to the high altitude at which he and his party traveled, that to unbutton one's coat meant acute pain and tension to an overwrought heart, which literally was at the point of breaking. His only safety lay in the fact that he never left the saddle for a single moment from morning till evening. Had he done so his heart would have given way. At one time they were nine days without water, and when at last he saw a small pool Dr. Hedin drank five pints without stopping.

The Gift.

"Accused of begging!" exclaimed the magistrate. "Why, you are the very man who was begging at my door yesterday!"

"Yes," assented the vagrant, with a sneer, "and you didn't give me anything."

"Well, I'll give you something now—fourteen days!"

And He Did.

"I believe we are all ready," said the young man who was about to officiate as the bridegroom. "All right. I will join you in a moment," replied the clergyman, rising.—Chicago Tribune.

SPIRITS TURPENTINE

—Kinston, Aug. 10.—Chief of Police Bruton arrested Cephas Chamberlain, colored, on the charge of selling booze. He was tried before the mayor and sent on to court.

—Greensboro Record: Corn in the lowlands in this section has been drowned out by too much rain and there are some sections where not enough will be made for feed, much less for making liquor.

—Wilson, Aug. 10.—Of the eight red light women who were pulled by the Wilson police last Sunday night, six have left for parts unknown. The six who left between the suns had put up \$5 each for their appearance to answer to the charge.

—Salisbury, Aug. 10.—The Harper Livery and Sale Company has been organized here with a capital of \$50,000 with which the new concern begins business tomorrow. The company, which is composed of 50 or more of the leading business men, will operate a big livery and sale stable with privilege to open branch houses and operate automobile lines in the State.

—The Lumber World: One of the largest timber development propositions in this section now is that of William Whitmer & Sons, of Philadelphia, in western North Carolina. The Appalachian Railroad is being built from Whittier, N. C., to Sevierville, Tenn., near where it connects with the Louisville & Nashville, for the development of the 75,000-acre tract of timber near Whittier, which was purchased from the Indians.

—Statesville, Aug. 10.—Mr. D. M. Colner, of Statesville, has invented a spring wheel for vehicles, which, if it proves a success, will be very valuable and should bring Mr. Colner a large sum of money. The wheel is designed to displace pneumatic tires. Springs are placed in the wheel, radiating from the hub and so arranged that they take the place of pneumatic tires and will give better service. The invention is designed primarily for automobiles, but can be used on other vehicles as well. Mr. Colner has applied for a patent, and he believes his invention will prove a success.

—Raleigh News and Observer: Hon. B. F. Aycock, of the North Carolina Corporation Commission, left yesterday afternoon for Oscar, Fla., called there by the death of his niece, Miss Laura Aycock, a niece also of ex-Governor Aycock. She was the daughter of Mr. W. B. Aycock, who is in the naval stores business in Florida. Miss Aycock, who was the only living child of Mr. and Mrs. W. B. Aycock, a son having died some years ago, was 25 years old. She had been ill for some time and her death was not unexpected. She was a highly educated and attractive young woman, and her demise will be learned with deep regret by the friends of the family in North Carolina. She died on Monday and the funeral will take place today at Oscar, Fla.

—Kinston, Aug. 10.—Joseph Graham, colored, was bound over to the next term of the Federal Court this morning by United States Commissioner A. J. Loftin, on the charge of breaking into and robbing the Kinston postoffice on Tuesday night of last week. Postmaster Parrott went down to the office about 8 o'clock Wednesday morning, and found that one of the east windows had been opened. Mr. Parrott went to the stamp drawer and found that it had been broken open, the lock having been broken off. He made an examination of the contents of the drawer and found that \$9.65 in money and stamps were gone and that about \$200 worth of stamps had been left in the drawer. The evidence before the Commissioner, as worked up by Officer Bursell, clearly justified holding Graham for court under \$200 justified bond. Bond was not given and Graham was remanded to jail to await trial at the term of the Federal Court to be convened October 18th, in Newbern.

—Charlotte Chronicle: The colored people of Charlotte hold about \$500,000 shares at par value in the building and loan associations of the city. They have paid in on these shares about \$250,000 cash and will continue installment payments by the week until the full par value is reached. The building and loan associations have now outstanding loans to the colored people of approximately \$250,000 on homes, churches, and lodges. On the shares subscribed they have paid in about \$200,000, or approximately 40 per cent. of the total amount subscribed. At the maturity of every series some shares carried by colored people mature and mortgages are cancelled or cash paid for maturing stock at par. Numbers of colored people now live in their own homes which were bought and paid for through the building and loan associations. Others have cash balances in banks or loaned out at interest representing money accumulated in the building and loan. At the opening of each new series in all the local associations there are always some colored subscribers for new stock.

Attractive Variable Route—Excursion
Fares by the
ATLANTIC COAST LINE.

The Atlantic Coast Line has issued a folder announcing attractive excursion fares to a number of Eastern resorts, including Niagara Falls, Montreal and Quebec, going and returning by the Atlantic Coast Line as far as Washington, but by widely variable routes north of that city, that is, a passenger can select almost any route from Washington to destination and return by almost any other regular route.

These rates open up a new method of traveling and will no doubt be largely patronized, as New York, Boston and nearly all the Eastern resorts can be reached by one of these "Variable Routes," or what may be more properly termed "Circular Tour," tickets especially as liberal stop-over privileges will be allowed.

One of the folders giving the routes in detail with rates and other information may be obtained by calling on or addressing the undersigned.

THE COTTON MARKET.

(By Wire to the Morning Star.)
New York, Aug. 11.—The steadier tone shown in the cotton market yesterday was in evidence again during today's middle session, but late fluctuations were irregular with the close steady net three points lower to one point higher. The market opened steady at a decline of 1 to 5 points and sold six to seven points net lower during the first few minutes under liquidation by some of yesterday's buyers who were disappointed by the showing of the Liverpool market and by early advices indicating that the Gulf storm might bring further rains to Texas. There seemed, however, to be an aggressive bear pressure and the market soon steadied on later reports suggesting that the Gulf storm was passing over without causing any further rains of consequence in the southwest, reports of good demand for remaining crop supplies and talk of a rather better inquiry from manufacturers for new crop shipment. Certain southern sections, Chicago wires, local people and foreign houses seemed to be here, and there were rumors that a new bull pool had been formed. The bear leaders did not seem disposed to fight an advance, but after the market had sold 4 to 9 points net higher, October and January touching 12.15 or 30 to 41 points above the low level of Monday—there was a renewal of selling by local professionals and the advance was lost in the late trading. Private reports from Texas claim that the recent rains have done little permanent good, while there are rumors of further sales from the local stock, and some of the Liverpool advices claim better trade conditions abroad, in support of which the bills point to the bullish showing of the British board of trade statement for July. Southern spot markets officially reported early were unchanged to 1-5c higher.

Receipts at the ports today were 1,900 bales against 522 last week and 3,953 last year. For the week 12,000 bales against 9,058 last week and 24,038 last year. Today's receipts at New Orleans 1,568 bales against 395, last year.

Spot cotton closed quiet; middling uplands 12.60; middling Gulf 12.85. Sales 2,500 bales.

Futures opened and closed steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)
New York, Aug. 11.—The jobbing trade in dry goods is growing active. Many retail buyers are in town and are operating conservatively. The primary market holds firm on cottons and yarns. Domestic agents of fashionable hosiery mills state that they will not advance prices following the increase in tariff rates. There is a broader movement in silks.

MARKET GOSSIP.

(By Wire to the Morning Star.)
New York, Aug. 11.—The most conspicuous movement in the stock market today was in the Louisville & Nashville group, embracing that stock, the controlling Atlantic Coast Line and the controlled Nashville, Chattanooga & St. Louis. The advance in this group proved effective in sustaining the general list against the force of realizing sales where earlier strength in particular stocks failed to do so. Union Pacific's sudden advance to a new high record of 207 late in the day transformed the market from weakness to strength.
The movement in the Southern group was accounted for by reports of an intended bonus to stockholders to take the form of a stock issue to cover expenditures made on the property of income and the treasury surplus. There was no authoritative information to be had regarding this plan but the buoyant rise in the stock lent credence to it. The accompanying rise in Atlantic Coast Line was a natural sequence, in view of the ownership by that company of a majority of the stock of Louisville & Nashville.
The jump in the receipts for Hocking Valley stock was the result of a "deal" rumor which pointed to the absorption of that property by the Chesapeake & Ohio in furtherance of the proposed project for the junction of the so-called Hawley railroads. The rise in Northern Pacific was in response to the strong showing of June earnings, the net revenue from operation for the months doubling that for the corresponding month last year. Another strong point in the list was furnished by the copper industrials, which was common also to copper mining stocks in the outside market and elsewhere in the world.
Call money continued to rule above 2 per cent, and interior money centers gave notice of their probable requirement to draw on New York deposits for the future. The late bulge in Union Pacific gave rise to renewed discussion of a dividend increase and Louisville & Nashville also rose through its previous record price to 160 5-8, which compares with 160 paid by the Atlantic Coast Line for control of the property. The whole market turned strong under those combined influences.
Bonds were firm. Total sales par value \$2,248,000. United States 4s coupon declined 1 per cent. on call. Total sales 975,800 shares.

FINANCIAL MARKET.

LUMBER AND SHINGLE MILLS

The largest stock of cypress shingles carried in the State. We always have over a million in stock.

We make 13 different grades and sizes, varying from \$2.00 to \$10.00 per M. Our shingles are recognized in the Northern Markets, as well as in the West Indies, as the very highest standard, both in grade and manufacture. "We have a standing guarantee that we give (2) good ones for (1) bad one."

Don't buy any shingles that do not have W. W. Koch in large type on every bundle.

We do not dip the ends of our shingles in red ore to hide wind-shakes and other defects. Don't buy until you get our prices and compare the shingles. We make and dispose of 20,000 shingles per day.

We furnish all the shingles for the government at Fort Caswell, ours being the only shingles that stand government inspection.

Whiteville Defeats Boardman.

Whiteville, N. C., Aug. 11.—Whiteville defeated Boardman on the latter's grounds today by a score of 8 to 1. Covington for Boardman, was batted out of the box in the fourth inning and was relieved by McCall, who fared little better. Tucker, for Whiteville, pitched a splendid game. Batteries: Covington, McCall and Covington; Tucker and Smith; umpire, Mr. Leonhardt.

DR. E. L. HUNTER DEAD.

Passed Away at His Home in Fayetteville During Wednesday Night. (Special Star Telegram.)

Fayetteville, N. C., Aug. 11.—Dr. E. L. Hunter, dean of the dental profession of this city, and one of the foremost dentists in the State, died last night at the home of his daughter, Mrs. C. D. Sedberry, where he has lived for several years. He was in his usual state of health when retiring last night but was found dead in his bed this morning, having evidently died from heart failure. Dr. Hunter was born near Enfield, April 27th, 1837, and came to Fayetteville 17 years ago. He graduated from Baltimore Dental College in 1871. He served through the Civil War and was taken prisoner with the fall of Fort Fisher. Dr. Hunter was a devoted member of St. John's Episcopal Church, of this city, and a faithful Mason. He is survived by one daughter, three grand daughters, two grandsons, one aged sister, Mrs. Martha Harris, of Raleigh, and a half brother, Clifton Hunter, of Enfield. He was twice married, his first wife being Miss Buster, of Enfield, and the second, Miss Powers, of Fayetteville.

SOUTHERN PINES BANK

Stockholders Accept Proposition of Mr. Henry Page of Aberdeen. (Special Star Correspondence.)

Southern Pines, N. C., Aug. 10.—At a meeting of the stockholders of the Citizen's Savings and Trust Company today the proposition of Mr. M. J. Heyer, of Wilmington, to take the bank in charge was declined and the proposition of Mr. Henry Page, of Aberdeen, N. C., president and general manager of the Aberdeen and Ashboro railway, was accepted. Pending the arrangement of the deal a committee was appointed, consisting of Messrs. A. S. Newcomb, G. S. Burleigh, C. B. Grant, R. E. Wiley and L. P. French, representing the stockholders.

The directors and depositors will go to Raleigh in the morning to ask a temporary receiver to conduct the transaction. It is expected that the reorganized bank will be open in a couple of weeks.

HARD LUCK SAILORS

(Continued From First Page.)

Wilson Wins Again.

Wilson, N. C., Aug. 11.—Again the Railroaders went down in defeat before the Tobaccoists, making the third time this week. It was a pitchers' battle, Buckingham for Wilson, allowing only three hits, while the no-hit Luyster was tapped for five. Score: Rocky Mount . . . 000 000 101—2 3 3
Wilson . . . 000 000 001—3 5 3
Luyster, Walsh and Conn; Buckingham and Bird; umpire Newcomb; time 1:35; attendance 450.

League Directors in Session. Goldsboro, N. C., Aug. 11.—At a meeting of the Eastern Carolina League Directors last night, in the matter of the protested game at Wilson Tuesday when Rocky Mount's manager claimed the balls put into play had been tampered with, Manager Holt had a written statement from Umpire Newcomb that two of the balls were in good condition and on a vote, the decision of the umpire in giving the game to Wilson was sustained by unanimous vote, Wilson and Rocky Mount being excused from voting. The directors also sustained Acting President King in his approval of the umpire's decision in giving Wilson the game at Fayetteville when Wilson went on the field for a doubleheader and the Fayetteville club failed to show up for the first game.

Raleigh Takes Both. Raleigh, N. C., Aug. 11.—Both games of the doubleheader with Goldsboro this afternoon went to Raleigh, the first 7 to 1, and the second 10 to 3. In the first game four singles and a three-bagger by Hoover piled up five runs in the fifth inning. In the second a series of errors by Goldsboro, a couple of singles and a two-bagger by Hoover gave five runs for the fifth again, those being the winning features. Score: Goldsboro . . . 000 010 000—1 5 2
Raleigh . . . 001 050 10x—7 10 1
Bussey, Pritchard and Francis; Fulenwider and Rowe.

Second game:

Goldsboro . . . 001 100 100—3 5 3
Raleigh . . . 002 051 20x—10 9 2
Stoeher, Bussey and Stubbs; Brandon and Rowe; umpire Upchurch.

APPOINTING SUPERVISORS.

Jobs in South to Be Divided Between Parties.

(By Wire to the Morning Star.)

Washington, Aug. 11.—The names of the more than three hundred supervisors of the thirteenth census to be appointed by President Taft will be made public next Saturday or Monday by the President, it was unofficially learned here today.

Assistant Secretary McHarg, of the Department of Commerce and Labor and Census Director Durand will go to Beverly, Mass., in a few days, it is understood, to confer with the President about the appointments.

In the Southern States, in which it is proposed to divide the appointments nearly equal as possible between Democrats and Republicans, the appointments probably will be delayed, as recommendations have not been received and the division has not been made.

HEARING TO STAY ELECTION.

To Prevent the Re-opening of South Carolina Dispensaries.

(By Wire to the Morning Star.)

Columbia, S. C., Aug. 11.—The Supreme court of South Carolina will meet tomorrow morning to hear the application for an injunction against the Charleston county election commissioners restraining them from holding an election on the question of re-opening the dispensaries in that county. The application in the name of Thomas Jellico, of Charleston, is based upon the assertion that the liquor law which was enacted at the last session of the Legislature is unconstitutional. It is alleged that the law which provides for an election on the liquor question in the counties now having dispensaries is invalid in that its subject is not set forth in the title, and that it is special legislation.

CRUSADE ON COCAINE SELLERS

Three Savannah Physicians Arraigned 14 Defendants Tried.

(By Wire to the Morning Star.)

Savannah, Ga., Aug. 11.—Former Coroner Dr. H. B. Stanley and Dr. W. W. Lee, white, and Dr. E. M. Pinckney, colored, were arrested today as the result of statements made in the police court this morning by fourteen men and women, mostly negroes, who were rounded up as the beginning of a crusade on cocaine sellers. Dr. Lee has not yet made bond, but Dr. Stanley and Pinckney gave bond of \$1,000 each.

The fourteen other defendants were all bound over to the city court. The physicians declare they wrote cocaine prescription only to alleviate suffering, declaring the "fends" had to have the drug. A score or more of the "fends" were used as witnesses.

Washington's Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c. Guaranteed by R. R. Bellamy.

NAVAL TUG SANK OFF CAPE ANN

Assistant Sergeant Chas. F. Trotter of Franklin, N. C., Drowned.

(By Wire to the Morning Star.)
Rockport, Mass., Aug. 11.—Overburdened with a cargo of anchors, the naval tug Nesinecot, Captain Ned Evans rolled over and sank today off Cape Ann. Four of the crew including Acting Assistant Surgeon Charles F. Trotter, of Franklin, N. C., were drowned and nine others, including the captain's wife and boy reached land after a hard struggle.

C. T. Taylor, ordinary seaman, and two negroes S. F. White and T. E. Edwards, were the other members of the crew lost.
